

21st October 2021

Dear Parents/Carers,

It has been great to get back to normal since the disruption of the past 18 months and students have been working hard in lessons. We have also been adapting our curriculum to ensure that students are not disadvantaged by the disruption caused by the pandemic. It's been a very busy half term!

I am acutely aware that over the past 18 months you have not had the opportunity to speak to teachers about your child's individual progress in their subjects, therefore I would like to share the plans for this academic year in terms of our communication with you regarding your child's progress.

All year groups will have three Progress Reviews throughout this academic year. The Progress Reviews will share your child's targets and current progress. They will also comment on attitude to learning based on our 4Rs. An online Parents Evening will also take place for each year group. During the Parents Evening you will have opportunity to meet with individual subject teachers. Please see below for Year Group specific details.
