

Dear Parent/Carer

The Maths department is once again selling revision guides and exam practice workbooks for the 9-1 GCSE Maths exams. These will support and guide revision for both the upcoming mocks and the external exams next summer.

If you would like your son/daughter to buy any of these please complete and return the slip at the bottom of this letter, along with the correct cash payment, to the Maths office. Please put these together in an envelope clearly stating your son/daughter's name and their Maths teacher on the front.

To ensure that your son/daughter will receive these revision aids before the October half term, please submit the slip and the money **by Friday 6th October 2017**, at which point a collective school order will be placed for all those received.

A second order will be placed but this will not be until after half term. To be included in this later order instead, please follow the same procedure as above by Friday 3rd November 2017.

If your son/daughter is not sure which level to select, please ask him/her to speak to their Maths teacher before ordering.

Yours faithfully

Julie Woodward
Curriculum Leader of Maths
