

Keep Doing Good with NCS

Dear Parent/Guardians,

In an effort to get young people extra skills and give them the opportunity to help get their local communities back on their feet, National Citizen Service (NCS) will be running “Keep Doing Good” this Summer.

Keep Doing Good is a 2 week programme delivered across August in your community, where 15-17 year olds will work in teams guided by NCS staff.

Week 1 will give young people the opportunity to develop new skills such as leadership, team work, presentation skills and the chance to plan their own social action project. This will include workshops and activity sessions.

Week 2 will allow them to create and carry out their very own social action and volunteering projects. Helping the community where it needs it the most.

What are the benefits?

- It's free
- Gives them the chance to socially mix and make new friends
- They can develop skills that can be used for work and further education
- They can enhance their CV
- Gives your teen the chance to make a difference in your local area
- They can get their voices heard
- Teens can get back out into the world and build towards their future
- They can volunteer their time to help others

Keep Doing Good is an exciting opportunity and the best thing is...it's completely free. So if they're looking for a new challenge or a chance to get out the house and make a difference, visit wearencs.com and register today! Don't worry this won't stop your teen from doing the normal NCS programme that we are hopeful we can run in Summer 2021.
